

# Mauritson Family Winery

Mauritson Family Winery is seeking a lab and a few cellar interns to join our 2015 harvest winemaking team. The Mauritson family has been growing grapes in the Dry Creek Valley since the 1860's and was one of the original pioneers for the world renowned Rockpile Appellation. We are seeking motivated individuals who have demonstrated the ability to work in a fast pace and detail oriented environment.

Tasks include but are not limited to: sanitation, grape processing, cap management, tank transfers, topping, more sanitation, juice and wine additions, and filling barrels. Ideally, our interns would possess a minimum of one harvest, be detail oriented, able to execute both oral and written instructions in an efficient and organized fashion, and committed to the highest level of wine quality. Each intern must have the ability to lift 50lbs repeatedly, stand for long periods of time, and have reliable transportation.

Please send your resume and letter of references to:

[emma@mauritsonwines.com](mailto:emma@mauritsonwines.com) or fax [707-433-5001](tel:707-433-5001).

Please also specify if you are interested in the lab or cellar internship.
