- Explains and demonstrates field work-techniques and safety-regulations to inexperienced workers
- Arranges for the right number and placement of crews on a daily basis.
- Arranges for equipment, materials, tools to be available to each crew or individual employees.
- Supervises safety meetings and pesticide training
- Supervises pesticide and other material applications to the vineyards
- Completes pesticide reporting
- Calibrates sprayers
- Supervises sub-foremen in preparation of timesheets
- Reports injuries and cares for injured workers

Key Qualifications

- Knowledge of vineyard management practices especially in day to day operations
- Knowledge of farming equipment
- Knowledge of viticulture
- Knowledge of irrigation practices
- Knowledge of pesticides and other farming chemicals and use
- Ability to work independently and make decisions on own
- Ability to plan work and achieve required results
- Ability to organize multiple tasks
- Ability work well with others
- Ability to work safely
- Bi-lingual English/Spanish

Licenses and certifications

- Valid California drivers license and clean DMV
- Valid Private Applicators Certificate (Brown card)
- First aid and CPR certified

Experience Desired

- Minimum 3 years' experience
- Supervisory experience

Physical Environment

- Often working outdoors in extremes of heat/humidity/cold and other weather conditions
- Exposed to dust, noise, pesticides, gasoline, diesel fuel and solvents
- Works with flammable and toxic materials
- Must be able to lift up to 50 pounds
- Work is strenuous

Salary commensurate with experience. Please forward resume to:
