

Harvest Intern

At The Ranch, we have one mission: to balance state-of-the-art facilities with personal attention and wine-making experience in order to help our clients make the best possible wines. And we're investing in making that mission a reality. Be part of our Harvest team! Interns for the 2015 Harvest season will work at minimum from August 1 to October 30.

Successful candidates will rotate through four different positions throughout the harvest, allowing a varied experience for the interns. Duties will include:

- Lab: Brix & Temps, Sampling, Sugar Shack analysis, Data Entry
- Cellarwork: Pumpovers & Additions crew
- Cellarwork: Red Press crew & Crusher crew
- Winemaking: Monitor tank temperatures, Tank top inspections & Pumpover sheet/Addition work orders

Qualifications and Experience required:

- Degree in or currently enrolled in Enology, Viticulture, or related scientific field. Demonstrated commitment to the wine industry.
- Previous winery experience is desired, but not required.
- Ability to work as a dynamic and contributing team member in a fast-paced environment.
- Excellent communication skills; can communicate effectively in English.
- Strong organizational and problem-solving skill; ability to manage priorities and workflow.
- Must be computer literate, with proficiency in Microsoft Word and Excel.
- Must have a good driving record, dependable transportation, and be 21 years or older
- Must work over-time as required.
- Ability to build great relationships with team members.
- Ability to lift 40 pounds.
