Other comments: We offer a truly HANDS-ON experience in ALL ASPECTS of vineyard harvest operations and winery fermentation and crush processes. YOU will be making wine, with input on yeast, processing, blending, and bottling. None of our assistants are limited to the menial tasks of a cellar rat. We have over 150 acres of yielding vines, and production of 8000 cases of wine. Progressive management of warm climate viticulture and cutting edge winemaking with 100 varietals and clones allow for diversifying the successful applicant's growing and winemaking knowledge. Outstanding execution can lead to a permanent position offer with a growing Arizona wine industry leader. Respond immediately with cover letter and resume to:
