

## Enology Intern

ConeTech, a revolutionary service provider to the wine and spirits industry and the world leader in alcohol and flavor management, is looking for an energetic and ambitious individual to join our operations team in Santa Rosa California. To the right creative entrepreneurial individual, this position provides a unique opportunity to capitalize on technical knowledge and abilities to make a significant contribution to the global growth and program diversification of a market leading and technology driven services company.

ConeTech is seeking a **Enology Intern** to help meet day-to-day production schedules, manage daily administrative tasks, assist in perfecting new winemaking services, and grow our business. This position will have exposure to new programs and projects within all areas of the company.

This is a “hands-on” role with a variety of responsibilities including: operating the Spinning Cone Column and similar technologies, tracking all wine movements including data entry, representing ConeTech’s services to the local Winemaking community, , and helping develop new products and/or services.

The ideal candidate will have:

- A strong work ethic
- Curiosity
- Scientific Acumen
- The ability to think out-of-the-box
- Creative problem solving skills
- Preferable knowledge of TTB and ABC compliance
- A college degree in Enology, Chemistry, Biology or related field or current progress in that direction
- Harvest experience preferred
- Be available to work any available shift
- Willingness to get their hands dirty
- Excellent verbal and written communication skills
- Desire for complete ownership of and accountability for his/her projects/tasks/responsibilities/duties
- The ability to work both independently and cooperatively within a close-knit team environment
- Flexibility
- Be physically able to walk, bend, reach and lift 50 pounds or more.

This position is a full time, temporary position that has the **potential to become a permanent, salaried position**. . Compensation based on experience.

Position to begin in May/June and run the duration of the summer (tentative).

To interested candidates:

- Please tell us why you meet the above expectations;
- Please forgive us if you do not hear from us, as we will only respond to selected individuals for interview.
