

Mount Eden Vineyards

Santa Cruz Mountains

Mount Eden Vineyards, located in the Santa Cruz Mountains, above Saratoga, California, is seeking a motivated, hardworking individual to join our production team beginning in June, 2016. This individual will work closely with the Winemaker and Assistant Winemaker to produce, cellar, and bottle both Mount Eden Vineyards and Domaine Eden wines. Founded in 1943 by Martin Ray, Mount Eden Vineyards specializes in estate grown Chardonnay, Pinot Noir, and Cabernet Sauvignon.

Job description and responsibilities:

- Cleaning and sterilizing winery equipment and tanks
- Assisting with all filtration and bottling operations
- Vineyard work, including canopy management and pruning.
- Grape receiving and processing
- Filling, emptying and thoroughly cleaning presses
- Performing pump-overs/punch-downs, red fermentation tank dig outs and racking
- Performing basic laboratory operations (acid-base titrations, use of and calibration of pH meters)
- Sugar and temperature monitoring, inoculations, juice/fermentation/wine additions
- Fork lift operation
- maintaining an organized, clean and safe cellar environment
- ability to work within the standard operating procedures established in our cellar/crush pad

Working Conditions:

- Must be able to lift 70 pounds
- Exposure to outside elements (heat, wet and/or damp conditions, cold)
- May require heavy physical work (lifting, bending, or squatting for long periods of time)
- Long hours during bottling and harvest periods

Requirements:

- BS Viticulture/Enology or related field.
- Valid CA driver's licence.
