

ENOLOGY INTERNSHIP ASV WINES, SAN MARTIN

ASV Wines is an organic winery located 20 minutes south of San Jose on Hwy 101 in the semi-rural community of San Martin. We process grapes from our own vineyards in Monterey County and San Luis Obispo County as well as fruit purchased from other Coastal and Valley Growers. We sell bulk wine along with bottling our own nationally distributed brands. Fermentation lots range in size from 1,000 gallons to 20,000 gallons.

We are offering a paid entry-level enology internship for the 2017 Harvest. Duties will include weighing in trucks and must sampling, fermentation monitoring, M/L tracking, wine and must analysis and some bottling QC. Start and end dates are somewhat flexible, but will be approximately July 1 through December 22. On site housing is not available.

The successful candidate will have completed inorganic chemistry and basic winemaking courses and will possess a desire to learn, and an eagerness to tackle whatever job needs to be done. Must be able to work overtime hours, Saturdays, late shifts, lift 50 pounds and climb stairs. Pre-employment physical and drug screen required.
