Dear Dr. Koobatian:

Thank you for submitting your application and self-study to convert your program to a Clinical Rehabilitation Counseling program. The CORE Readers that reviewed your self-study document recommended that your program be referred to CACREP for the second stage of the review. Your application and self-study is now being referred to CACREP for their review, which is to determine if your program is in substantial compliance with the Clinical Mental Health Counseling program area standards.

After CACREP's review, CORE and CACREP will make the final decision jointly and you will be informed by mail within 30 days of the joint decision.

A copy of the Preliminary Review Committee Report that is being sent to CACREP is attached for your review.

Sincerely,

*Frank J. Lane, Ph.D., CRC*
