

27th Annual Summer Leadership Institute

San Joaquin Valley Mathematics Project

July 7-17, 2015

Includes 3 Residential Days in **Cayucos, CA**

Theme: Technology & Collaboration

The 2015 Summer Leadership Institute will kick off a year-long professional learning opportunity for mathematics educators in the Region VII area.

- Boost teacher content knowledge
- Gain research-based pedagogical shifts in classroom instruction
- Develop empowering leadership skills
- Earn up to 4 units of credit through Fresno State

The San Joaquin Valley Mathematics Project centered at Fresno State is committed to the student population that we serve. We endeavor to provide ongoing access to all students with an engaging mathematical education that allows them to make sense of the world quantitatively and to appreciate their own power to reason. Participation in this event will include free registration to the other SJVMP events during the 2015-2016 academic year.

Participants will receive a Mini iPad and expert advice on starting and maintaining a collaborative environment for students and colleagues.

Summer Leadership Institute Location:

Commuter Portion at Fresno State: July 7 (Orientation), 13-17
Residential Portion at Cayucos, CA: July 8-10

Registration: Deadline - June 12, 2015. Registration includes parking, breakfast, lunch, dinner, lodging, and all materials. Applicable late fees apply. (30 Participants Max)

Included Events: Participants will be given **free admission** to the fall and spring events during the 2015-2016 academic year, as well as the 2016 Winter Leadership Retreat.

Cost: \$1500 (Applicable Late Fee - \$250)

Units Available: Up to 4 units of credit through Fresno State
