In the spirit of greater partnership with the community, President Joseph I. Castro invites you to be an integral part of the second annual State of the University event. The purpose of this occasion is to bring regional business and community leaders together with the President and the University's team to share our common goals, celebrate accomplishments that have impacted the region, and hear President Castro's vision for Fresno State's future and how it touches everyone, including you.

This is the perfect opportunity for you to learn how synergistic the University's strategic plans and elevation of our community can be. Fellowship with other leaders who want to see our region thrive and share the positive prospects of that reality. Hear how your business or organization can become a valued partner.

President Castro will be joined by Tim Ryan, president of the Associated Students, Inc., who will provide an update on student initiatives and the climate on campus today.

Registration for the event is at 7 a.m., followed by breakfast at 7:30 a.m. and the State of the University address from 8-9 a.m.

Proceeds will benefit the General Scholarship fund that will help grow our next generation of leaders to follow in our footsteps.

Where bold begins.
