

CARLIE FLAUGHER

History

2014 Outstanding Graduate

Carlie Flaugher has maintained a 3.97 GPA throughout her career at Fresno State. Carlie has been an outstanding student and person long before she came to Fresno State, graduating with honors from Buchanan High School. She was on honor roll throughout high school and college. During that time she has maintained an outstanding academic record while being involved with many community service activities,

working and engaging in extracurricular activities. She has been involved in myriad Community Service activities (Toys for Tots, Sports Camp, Heart of the Horse Therapy Ranch, Silver Wings). She spent two years in ROTC during which time she served as historian and public affairs officer. Since leaving ROTC she has continued to work with the military through the community service organization Silver Wings. She comes from a military family and much of her love of history comes from stories told by family members. Carlie is a member of Phi Alpha Theta (the history honor's society) and a member of the National Society of Collegiate Scholars. Carlie enjoys all types of history but particularly military and 19th century history. She enjoys travel and the outdoors. Carlie is somewhat undecided about future plans but she has applied to both the Coast Guard and law school.
