Made in Bombay, born and raised in the UK, and currently based in San Francisco. Micropixie is a self-proclaimed Alien with extraORDINARY Abilities. She is also the extra-terrestrial alter ego of writer, film-maker and full-time human being, Single Beige Female. Her debut release, *Alice in Stevie Wonderland*, is a concept album telling the true story of One Little Alien's mission on planet Earth to experience life as a human being. She is currently working on her second album *Intergalactic Poptart!* due for release in 2010. Search for Micropixie on Facebook and on Myspace, and become a friend/fan and see <http://www.micropixie.com>!
