

Congratulations new Bulldogs!  
We're so happy you're coming to Fresno State.  
We're looking forward to seeing you at Dog Days this summer  
and for you to get to know your new classmates here at Fresno State.

In the fall, mid August, right before classes start,  
we have a program called FresWOW  
and FresWOW is our week of welcome  
and we hope that all of you will come out to many of the programs there  
to also get to know some other bulldogs,  
your staff and the faculty here,  
and some of the upper classmates.

During FresWOW, there's a program called Convocation.  
We hope you all come out and meet our president and our provost  
and many of the faculty and staff that you will be working with  
for the next few years.

One of the things that's really important  
and I'd like you to get on our website  
the Division of Student Affairs and Enrollment Management website  
and you can go through that and find  
all the different programs, services and events  
that we have here for you to help you to be successful.

There are programs for basic needs  
for those of you who need things like our Clothing Closet or our Food Cupboard  
We have academic support services like supplemental instructions, tutoring and  
advising.

All of these things are here for you  
to make you successful at the University.

The other thing that's really important  
that I have found over the years is that  
students who are involved and engaged  
and have a sense of belonging in our University,  
those are the students who really do well  
and have not only a great academic experience  
but they have a great student life experience  
and they graduate quicker and meet their goals  
and go on to the things they want to do with their life in the future.

So I hope you will participate in all the programs and services that we have.  
I hope you come out to the events.

If you're ever in doubt about any information,  
get on our website and look over some of the things we have there  
and I look forward, along with the rest of our staff and faculty, to get to know you  
over the next few years.  
So have a great experience and let's go for the one last time

Go Dogs!
