ASI Funding Increase for Clubs/Organizations

One of the major services that Associated Students Incorporated (ASI) offers to Fresno State students is the ability to receive club funding for events that are held on campus, free and open to all students. Clubs and organizations must be recognized by Fresno State in order to be eligible to receive funding. ASI is proud to announce the \$1,000 increase for club funding, clubs may now receive up to \$3,000 per academic year. ASI has allocated \$82,000 of their annual budget specifically for clubs and/or organizations.

“ASI has helped our club so much. Putting on an event requires a lot of money. ASI walked me through the funding process, not only is their funding great but the people in the office are too.”
(Kenny Umeh, Poetry Jam President)
