# Dog Days Educational Sessions

## 3:15pm – 4:00pm

### College 101

### Satellite Student Union

*William Hardaway, Academic Support Coordinator – Learning Center*  
*Jamaal Washington, SupportNet Advisor – Learning Center*

---

What's the difference between learning in high school versus college? How do you master college and achieve the best GPA possible? Get the answers to these questions and more through activities and research about learning to help you be academically successful at Fresno State.

### Seconds 2 Survive

### East Engineering 191

*David Huerta, Chief – University Police*  
*Amy Luna, Manager – Emergency Operations and Business Continuity*

---

Join us to gain a more in-depth understanding of campus safety and the services provided to the campus community by the Fresno State Police Department. Participants will experience Seconds 2 Survive, a program designed to help individuals plan, prepare, practice and perform so that they are empowered to make life saving decisions in the critical first seconds of an emergency.

### Student Employment: Steps to Obtain On and Off-campus Employment with an Introduction to the Career Development Center

### Science II 109

*Jody Burum, Career Counselor – Career Development Center*  
*Sheila Price, Student Employment Specialist*

---

Thinking about obtaining a part-time job while attending Fresno State? This workshop will explain the process of locating on-campus and off-campus employment and what the Career Development Center can offer you throughout your time as a Bulldog! Learn how to utilize HireFresnoState (our online job board), how to build a resume and receive an informative Career Planning Handbook.
