On your FAFSA application you answered yes to question #54, indicating that you are an emancipated minor "as determined by a court in your state of legal residence."

Required Emancipated Minor Documentation

You must provide a complete copy of the court's decision, attached to this form.

Please check the appropriate box for your situation.

- I was considered an emancipated minor by my state of residence as of the date I filled out the FAFSA application. **Attached** is my court decision in which the dates show the court order is still in effect and has not be changed.
- I was considered an emancipated minor by my state of residence immediately before I reached the age of being an adult in my state of legal residency. The order was still in effect at the time I reached adulthood and was not changed. **Attached** is my court decision in which the dates show the court order was in effect before I reached the age of being an adult in my state of legal residency.

NOTE: If you are missing pages or need an updated copy showing no changes, you can request updated documentation from the county court office where the decision was made

If you are still a minor and the court order is no longer in effect or the court decision was not in effect at the time of you being an adult, you should have answered no to question #54. Update your FAFSA application with the correct answer.

➔ This "To Do" item will be removed once the Financial Aid Office receives the correction.
