

Financial Aid Proration Information

- Initial financial aid awards were based on full time enrollment (12 units or more). Funds disbursed are based on units of enrollment at the time of disbursement. All financial aid recipients will have their eligibility recalculated based on enrollment at census date (the end of a term's fourth week of instruction). Aid is not adjusted for enrollment changes after census.
 - Any student on a Satisfactory Academic Progress Plan will have their coursework evaluated prior to the release of any Fall semester funds. Upon completion of the evaluation, funds will be released for students continuing to make Satisfactory Academic Progress.
 - For students enrolled in a Teacher Credential Program, Federal Pell Grant and Cal Grant funds will be disbursed **by** census date (the end of a term's fourth week of instruction), upon verification of eligible course enrollment.
- If you are no longer planning to attend for the Fall 2017 semester, please notify the Financial Aid and Scholarships Office and Admissions and Records.

NOTE:

Dropping units after receiving financial aid may require you to repay some or all of the aid you received based upon your eligibility recalculation.

- Eligibility for most financial aid programs is prorated based on enrollment at the time of the disbursement.
 - If you receive less than 100% of your award for the term, and then increase your enrollment, any increase will be done automatically.
- The **amount disbursed is a percentage of the amount awarded** to you based on the following table:
