In exceptional or extraordinary cases, Financial Aid may consider overriding a student's dependency status. This allows a student who is normally considered dependent to apply for financial aid without providing parental information on the financial aid application. Please note:

"...none of the conditions listed below singly or in combinations, qualify as unusual circumstances or merit a dependency override:

- 1) **Parents refuse to contribute to the student's education**
- 2) **Parents are unwilling to provide information on the application or for verification**
- 3) **Parents do not claim the student as a dependent for income purposes**
- 4) **Student demonstrates total self sufficiency" *Federal Student Aid Handbook (HEA in Sec 480(d)(7))***
