

Entrance Counseling & Master Promissory Note Requirements

In this first year of California State University, Fresno's participation in the Federal Direct Loan program, if you wish to receive a Federal Direct Student Loan you must complete a Direct Loan [Entrance Counseling](#) session and a Direct Loan [Master Promissory Note](#) (MPN) ***even if you previously completed an entrance counseling session or an MPN with a private lender.***

Once you submit a loan acceptance, links for completing Direct Loan [Entrance Counseling](#) and [Master Promissory Note](#) requirements will be displayed if they are still needed.

Note: It may take up to seven days for recently completed requirements to be recorded. If it has been more than seven days since you accepted Direct Loans and since completing your Entrance Counseling or MPN and these items are still in your Student Center  please contact the Financial Aid Office.
