## Early Start Program-English Flowchart

The CSU system recently enacted a policy known as "Early Start" **requiring** incoming students who do not demonstrate readiness for college-level Math and/or English to begin remediation during the summer before coming to the CSU. *The goals of Early Start are to better prepare students in Math and English before their first semester, thereby improving their chances of completing a college degree.* The chart below should not replace a counselor. It is intended to help students, parents/guardians, and professionals with the ESP process.

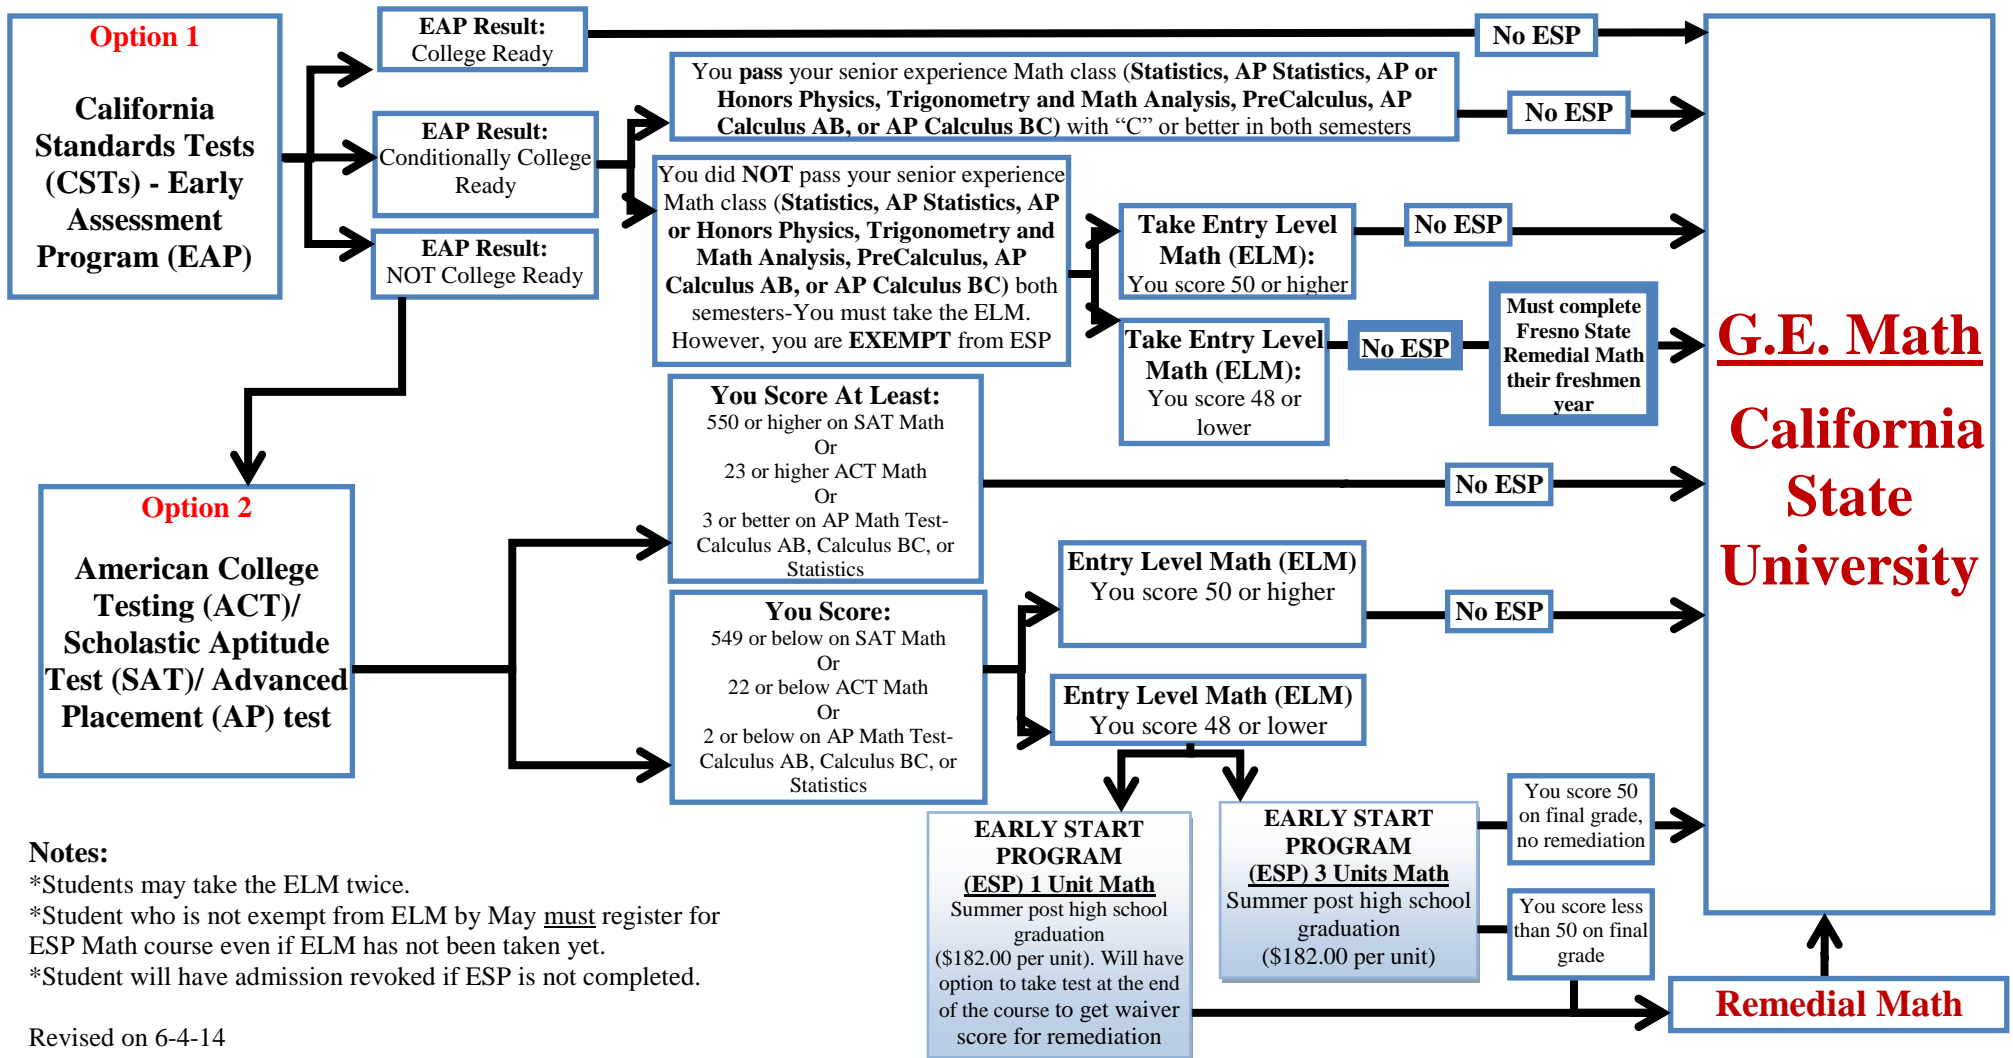

**Notes:**

- \*Students may take the EPT only once.
- \*Students who are not exempt from EPT by May must register for ESP English course even if EPT has not been taken yet.
- \*Student will have admission revoked if ESP is not completed.
