

Installing Read&Write on Mac OS

1. Locate and download the Read&Write.dmg (<https://goo.gl/DFprKP>)
2. Run the Read&Write.dmg and you will get the following screen, drag the Read&Write icon to the Applications folder.

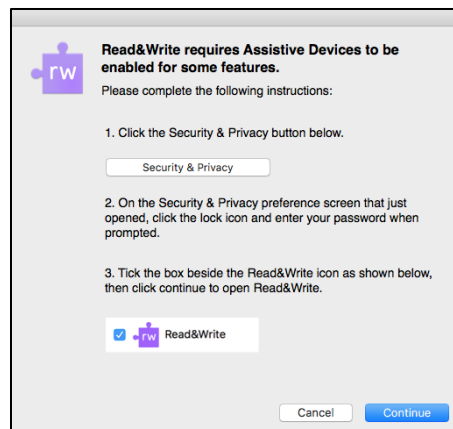

3. Read&Write will start copying to your Applications.

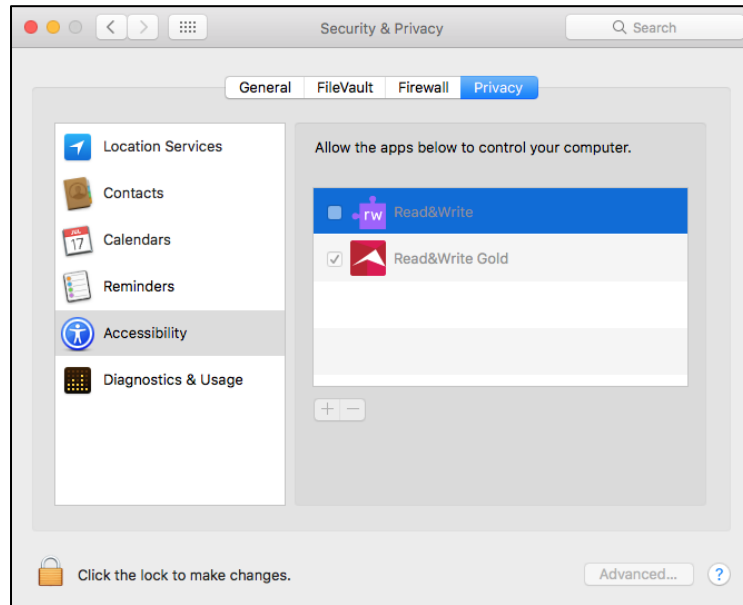

4. The Read&Write icon will appear in your Applications folder, double click to run.

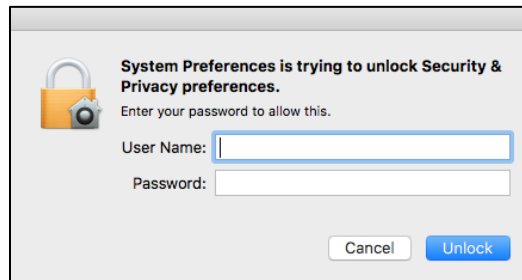

5. Read&Write requires Assistive Devices, so select Continue.

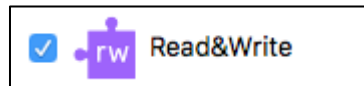

6. On the Security & Privacy Screen check the purple Read&Write icon and select the Lock icon at the bottom of the window.

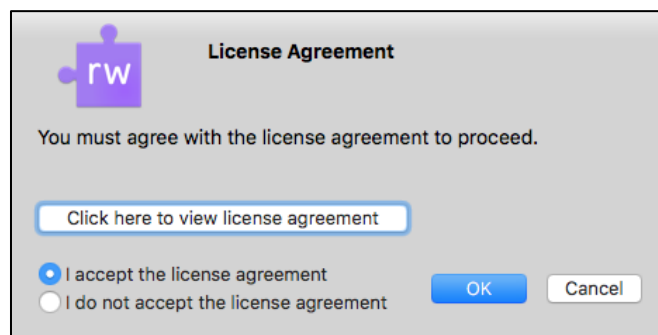

7. Please Enter your User Name and Password to enable Read&Write and select Unlock.

8. The Read&Write icon will appear in the top right hand corner of your screen as below, click on it.

9. Click OK to accept the User agreement

10. You are now ready to login to Read&Write! Select the Sign in with Google option and enter your Fresno State Campus E-mail and Password.
