

USU Board of Directors

Chairs Report

University Student Union Board of Directors

of the California State University, Fresno Association, Inc.

November 4th, 2013

1 New Business

A. Retail Dining Services Study

- The Association has set up a Retail Dining Services Study to include students from Associated Students Inc., the USU Board of Directors, the Residence Hall Association, and student food advisory committee members in a discussion with Retail Dining Consultant Claudia Scotty. The meeting is set for November 21, 9:00 a.m. to 11:00 a.m. in USU Room 312.

B. Student Roundtable Meeting

- I am attending Student Roundtable Meetings once a month to discuss possible collaborations and social gatherings between student leadership organizations. Possible collaborations are currently being planned by the team.

C. Glass Display Cases

- Last year the USU Board of Directors expressed an interest in reconsidering the use of the glass display cases in the main lounge. Some of the interests included a suggestion box and promotional space for upcoming events in the USU. Andrew Esguerra of USU Productions and Administrative Assistant Taylor Clanton have helped with the design of the glass display cases.
