INTRODUCTION

This Handbook for Student Organizations (herein referred to as this Handbook) contains official University policies and procedures covering the use of campus facilities and services, rights and responsibilities of student organizations, and University recognition of student organizations. To view the university "Policy on the Use of Buildings and Grounds", visit the following website: <http://www.csufresno.edu/humres/MAPP/II/D/D-08.pdf>. This Handbook is a compilation of information of greatest interest to students, student organizations, and the university community. This Handbook is intended to assist individuals and groups in functioning at a maximum level within the University community.

This Handbook provides student groups and individuals with a summary of University regulations as they affect activities, and the rights and privileges of student organizations. It outlines the established working relationship between the Student Activities Office and student organizations and individuals in scheduling events, granting recognition to student organizations, and the use of the campus facilities in general. It also contains information and regulations covering student conduct, social functions, requisitioning procedures, and the fiscal policy of the Associated Students.

This Handbook is published by the Student Activities Office. The policies of the State, the University, and those developed by the Student Affairs Committee are administered by the Student Activities Office. Should you have any questions regarding the policies and procedures contained herein, please feel free to contact the Student Activities Office in the University Student Union, Room 306.

The primary responsibility for developing the policies and procedures set forth in this Handbook has been assigned to the Student Affairs Committee of the Academic Senate. The lines of authority under which this committee operates are outlined in the following paragraphs.

STUDENT AFFAIRS COMMITTEE

Under authority granted by the State of California, the Trustees of the California State University appoint a President of each University who is responsible for the educational efficiency, academic excellence, and general welfare of the campus over which he/she presides. In carrying out this responsibility he/she may delegate and deputize any of the functions to executive officers, faculty members, or student organizations or agencies, provided this delegation does not remove final authority and responsibility from the President. In carrying out such delegation, he/she may advise and consult with the faculties under his/her jurisdiction and with the students in the University. (Title 5, Subchapter 6, Article 1, of the Administrative code).

As authorized by the above section of the Code, the President of the University has delegated certain advisory functions to the University faculty under the provisions set forth in the Constitution of the Academic Assembly. To carry out these various advisory responsibilities, the Academic Assembly has established an Academic Senate, an Executive Committee of the Academic Senate, and a number of all-University committees. One of these committees, the Student Affairs Committee, has been assigned the following responsibilities:

The Student Affairs Committee shall be responsible for recommending all University policies with respect to student affairs as they affect academic policies and programs of the university. Recommendations of the Student Affairs Committee shall be policy of the Academic Senate unless within twenty instructional days after the recommendations have been submitted to the Academic Senate, the Executive Committee shall inform the President of the University that further action by the Academic Senate is required. (Bylaws of the Academic Senate, Article XI., Section 1-E).

The above committee is composed of seven members appointed by the Academic Senate in consultation with the President of the University, the Dean of Student Affairs, and four students appointed by the Associated Students.

GUIDELINES AND PROCEDURES FOR THE GOVERNANCE AND RECOGNITION OF STUDENT ORGANIZATIONS

University recognition is a privilege granted to student organizations by the University. Recognized organizations are afforded access to campus resources and in turn agree to comply with regulations and procedures established for the governance of student groups. The University supports the formation of and grants recognition to student organizations whose purposes and activities enhance the social, cultural, recreational, and educational functions of the University. The University believes that such organizations foster valuable experiences for students that sometimes lead to significant learning and development and helps create a sense of belonging to the University. These activities and experiences complement the formal curriculum and provide wide opportunity for enhancing personal skills.

Title 5 of the State Administrative Code permits campus recognition of student organizations and states that such recognition may include “allowing the use of campus facilities to any such organization.” The University President generally delegates the authority to administer these and other policies and procedures governing student organizations to certain administrative offices and committees of the University, including the Student Activities Office.

Recognizing the value of these co-curricular activities, the University has established policies for the recognition and governance of student organizations choosing recognition. Recognition of a student organization creates an official relationship with the University. University recognition is granted by the Student Activities Office under the authority of the President of the University. **The campus considers the Associated Students as being the sole major student government office. All other student organizations are defined as having minor representation.**

Recognition in no way implies that California State University, Fresno approves of, supervises, sanctions, or takes responsibility for the actions and activities of the organization. The University does not encourage nor condone illegal or dangerous activities, and individuals involving themselves in student organizations do so at their own risk. Recognized groups are expected to adhere to this policy document, all other policies of the University, all Trustee policies, and federal, state and local laws. In addition, organizations must conduct their activities in keeping with the mission of the University.

RECOGNITION PROCEDURE

- A. The Student Activities Office shall issue new organization recognition packets to all interested students. The packet shall contain all necessary application forms and a sample constitution for students to follow when developing their constitution.

Recognition packets are available at the following website:
<http://studentaffairs.csufresno.edu/studentact/clubs-orgs/new-org.html>.

- B. A student group interested in organizing and applying for recognition may be granted a temporary, thirty-day permit by completing and filing an "Application for Recognition Form." This permit allows for use of campus facilities for the purpose of completing an organization and for recruiting members. This permit does not include the right to sponsor a campus-wide event or to use the name of the University. The "Application for Recognition Form" may be filed in the Student Activities Office when the student organization recognition packets are picked up.
- C. All application forms and the adopted constitution must be returned to the Student Activities Office before recognition can be granted.
- D. The Student Activities Office will review the submitted materials for procedural errors and adherence to all University requirements, and will also verify the membership list to be certain that it contains the names of at least fifteen (15) students currently enrolled at California State University, Fresno.
- E. Within ten (10) working days of the receipt of application materials, the Student Activities Office will notify the proposed organization of its status. If the proposed organization meets all requirements it shall be granted recognition. If it does not, student representatives of the organization will be asked to schedule a meeting with a staff member of the Student Activities Office to discuss reasons for withholding approval of recognition. Written notification of recognition will be given to the organization, the advisor, University Student Union Reservations Center, and the Associated Students.

RECOGNITION STANDARDS

Recognition standards include:

- The purposes of the organization must be consistent with the laws of the State of California and policies developed by the Student Affairs Committee.
- The organization must maintain, at all times, a membership of at least eight regularly enrolled students in good standing at the University and must have at least fifteen (15) charter members when applying for recognition. A maximum of 20 percent of the members of a student organization may be individuals who are not CSU students.

This includes employees of the Bookstore, Food Services, University Student Union, Student Recreation Center, and Foundation employees. Housing employees and federal programs employees are permitted to serve as advisors.

- As required by Section 41503 of Title 5 of the State Code of Regulations of California, the president of every recognized student organization must sign a statement each year certifying that the organization has no rules or policies which inhibit its acceptance of new members because of race, religion, national origin, ethnicity, color, age, gender, marital status, citizenship, sexual orientation, or disability.

The Vice President may meet with organization representatives or make his/her decision based on the information submitted for review and the written request for appeal. Written notification of his/her decision and any sanctions shall be sent to the organization within ten (10) working days after having received the appeal. The decision of the Vice President for Student Affairs and Dean of Students is final.

HOW TO BE REINSTATED

An organization seeking reinstatement should reapply at the Student Activities Office. Verification of at least fifteen (15) regularly enrolled students will be required. An up-to-date constitution must be submitted if there are any changes from the original constitution. An Advisor's Acceptance form must also be completed prior to reinstatement.

AD HOC STATUS

The University realizes that occasionally there arises a need for temporary recognition for an organization that has limited objectives focusing around a particular issue, as in the case of involvement in upcoming elections. These organizations do not intend to exist indefinitely, for their purpose is achieved relatively quickly. In order to allow such organizations to operate on the campus, and at the same time to protect both the University and its regularly recognized organizations, the University has adopted an ad hoc committee status which is in effect for a maximum of 45 days. Should the group wish to extend its status with the University, it may request an extension from the Student Activities Office for no more than an additional 45 days.

Groups applying for ad hoc status will be required to clearly state both the objective they desire and the means through which they intend to achieve their goal. The group must also demonstrate that the ad hoc status is the best method of University recognition through which they can operate. The petition for ad hoc status must be signed by eight regularly enrolled students and must indicate the person principally responsible for the group as well as the signature of a University Advisor.

ADVISOR ACCEPTANCE FOR REGISTERED STUDENT ORGANIZATIONS

ROLE OF THE UNIVERSITY ADVISOR

Purpose

The basic function of an advisor is to advise and to provide a working relationship between the University and the organization. According to University policy, all student organizations must have an advisor who is employed on a more than half-time basis by the University in order to receive University recognition for the organization. Employees of University Auxiliary Organizations are not permitted to serve as student organization advisors as regulated by The California Code of Regulations, Title 5, Article 2. This includes employees of the Bookstore, Food Services, University Student Union, Student Recreation Center, and Foundation employees. Housing employees and federal programs employees are permitted to serve as advisors. The advisor serves as a resource person and consultant to the group; his/her mature judgment is invaluable to a student organization. The advisor helps the group achieve its purpose and become familiar with University policies affecting such organizations.

The advisor is responsible for his/her own actions in the performance of the advisory role. He/she is expected to take reasonable and prudent actions in promoting and protecting a sound environment for the organization and its members. The choice of the advisor and the acceptance to serve as an advisor depend primarily on the group and the advisor. Advisors should contact the Student Activities Office if they need help or clarification in fulfilling their role as a university advisor.

REPLACING AN INEFFECTIVE ADVISOR

Occasionally an advisor to a student organization does not meet the expectations of the organization or fails to fulfill the responsibilities of an advisor. If a student organization feels that their advisor is ineffective, the club president should contact the Student Activities office to discuss the problems or issues involving their advisor. A staff member of the Student Activities Office will discuss the situation with the club president. As a follow-up on expressed concerns, a central file will be maintained that documents all remedial efforts and corrective actions.

If a student organization and their advisor are unable to resolve the issue(s) of an ineffective advisor, the student organization's constitution stipulates that they can vote to remove that advisor.

ADVISOR RESPONSIBILITIES

The advisor is considered to have the following responsibilities:

- Attend orientation and training programs for advisors presented by the Student Activities Office.
- Be informed concerning the purposes and the programs of the organization they agree to advise.
- Be informed concerning University policies and procedures governing student activities and student organizations.
- Provide assistance in the administration of the financial affairs of the organization.
- See that the officers of the organization are aware of these policies and procedures.
- Encourage the members of the organization to assume responsibility for the organization and for the effectiveness of the programs.
- Attend the meetings of the organization frequently and to help provide continuity for the program.
- Provide advice and counsel regarding proper conduct and procedures, and also the proper guidance to avoid conduct which would bring discredit to the organization or to the University.
- Provide continuity during periods of transition and from year to year.
- Encourage and maintain an on campus program and to be aware of contractual and/or legal obligations arising out of programs and activities held off campus.

LIABILITY OF ADVISORS

Voluntary advisors to recognized student organizations are not usually directly responsible for the activities of the group. Advisors are accepting risk of being included in third party complaints against the organization and for their own actions. While the University cannot preclude third party actions which might include the advisor, the University offers the services of legal staff in such instances.

DUTIES OF ADVISORS AT EVENTS

The members of the sponsoring organization are responsible for the smooth operation of a function. Advisors are not supposed to serve as "police" but should make helpful suggestions regarding neglected areas and unwise practices. It is particularly important that advisors be available and prepared to assist in any emergency situation which might arise at an open public event.

When an advisor signs, or permits a designee to sign a requisition for an event, he/she is indicating acceptance for sponsorship of the event and a willingness to be reasonably informed on the activities planned.

Advisors are encouraged to be present during the entire time for which the event is scheduled.

ORGANIZATION'S RESPONSIBILITY TO THE ADVISOR

The organization is expected to have the following responsibilities:

- To keep the advisor informed concerning the overall program of the organization.
- To notify the advisor well in advance of the schedule of meetings and events.
- To give the advisor an opportunity to express an opinion on issues which affect the welfare of the organization and the prestige of the University.

STUDENT DESIGNEE POLICY

At the beginning of each semester the advisor of a recognized student organization may sign a Student Designee Form which will allow the student(s) designated by the advisor to assume the responsibility of signing for the advisor on requisition forms and Free Speech Area Registration forms. Student designees must be officers of the organization and will be allowed to use this privilege only when requisitioning space for on-campus events which require no special arrangements or for activities in the Free Speech Area.

This designee privilege is limited to recognized student organizations which have complied with all provisions of recognition as stated in this Handbook.

The Student Activities Office reserves the right to discontinue this privilege if it becomes apparent that the organization and/or the advisor are not complying with the policy as stated above.

PROGRAMS AND SERVICES AVAILABLE TO RECOGNIZED STUDENT ORGANIZATIONS

All recognized student organizations are provided services offered by the University and University Auxiliary organizations.

SPONSORSHIP OF EVENTS BY RECOGNIZED STUDENT ORGANIZATIONS

OFF-CAMPUS EVENTS

Student organizations choosing to sponsor an event off-campus accept sole responsibility for the event and the organization. Student organizations and their advisor are required to sign a statement each fall during the registration process which releases the university and its employees from any claims or causes of action arising out of any event held off campus and sponsored by a student organization. Organizations utilizing off-campus facilities or vendors are solely responsible for all contractual agreements they enter into and in no way involve the University or the advisor as an employee of the University.

Any recognized student organization which undertakes the sponsorship of an event accepts responsibility for maintaining proper conduct of those in attendance. Officers of the organization are responsible for informing members of the organization of this requirement. If a complaint is registered against an organization, the Student Activities Office will request the complaint be placed in writing and a copy forwarded to the president of the organization concerned and the University Discipline Officer. If, in the opinion of the Student Activities Office, the organization has not resolved the problem satisfactorily, or if the difficulty was of such proportion as to impair the name of the University or other student organizations, disciplinary action may be initiated by the University Discipline Officer.

Student organizations sponsoring an event off-campus at a local venue may be required to provide proof of insurance. The University does not provide insurance coverage for student organizations sponsoring events held off-campus. The Risk management Office will provide information and guidance to student organizations needing to purchase insurance for an event off-campus.

ON-CAMPUS EVENTS

Any recognized student organization wishing to sponsor an event on campus that is open to the campus community or to the general public should contact the Student Activities Office for assistance in scheduling the event and for guidance in planning the event. In general, an event will be approved if it complies with the following conditions:

- The activity is sponsored by a recognized student organization.
- The University advisor of the organization has signed the appropriate facility requisition form and liability statement form indicating acceptance for sponsoring the event and plans to attend.

- The division or department responsible for the facilities requested has provided written permission for their use.
- The sponsoring organization agrees to all special physical arrangements; security requirements, time restrictions, procedures, and safeguards deemed necessary by the University; liability insurance requirements; and financial obligations.
- The event is not in violation of other University policies.

The organization sponsoring the event will be held responsible for complying with the conditions set for the event. Failure to do so may result in a number of sanctions including, but not necessarily limited to, the loss of the right to sponsor similar events in the future, loss of recognition or financial payment for damages to property.

SPONSORSHIP OF OUTSIDE SPEAKERS

California State University, Fresno is committed to free discussion of ideas and issues in open forum. within University policy, University facilities may be used by recognized student groups for the sponsorship of visiting speakers.

The use of University facilities by student organizations is a privilege and not a right. Arrangements for the use of University facilities for the sponsorship of a visiting speaker must be made by an authorized student representative of the organization and approved by the advisor of the sponsoring organization.

Student organizations wishing to sponsor an outside speaker on campus should review the guidelines in APM 625, "The Policy on Outside Speakers and Events on Campus" available at the following website: <http://www.csufresno.edu/aps/apm/625OutsideSpeakersEventsPolicy.pdf>. The "Request for Approval" form must be completed and submitted prior to the event.

RESERVING FACILITIES ON CAMPUS

FREE SPEECH AREA

DEFINITION

The Memorial Fountain, the University Student Union, the Cafeteria Building and the Library Quadrangle generally bound the Free speech Area. It does not include outdoor parts of the University Student Union, such as patios or balconies, and does not include Food Services patio areas. The University has designated the Free Speech Area as the area to allow expressive activity unrelated to its educational mission on University grounds. The designation of this area is not meant to constrain freedom of speech on the remainder of campus, but merely to establish a forum for the convenient use of students and the general public.

AUTHORITY

The Student Activities Office is given the responsibility and authority for scheduling activities in the Free Speech Area. Students may use the Free Speech Area freely unless it conflicts with a scheduled activity. The general public must register with the Student Activities Office prior to any activity in the Free Speech Area to avoid conflicts with other scheduled activities. Scheduling of activities in the Free Speech Area is on a first come, first serve basis with the University reserving the right to give preference to University personnel and students.

MUSIC

Generally speaking, the amplification of music in the Free Speech Area is prohibited due to the proximity of classrooms and the Library. Music used to accompany dance performers or a music performance (i.e., Mariachi Band) may be approved at the discretion of the Student Activities Office subject to regulations regarding time, place, and manner.

PUBLICITY REGULATIONS

BANNERS, SIGNS, PAINT/CHALK

No banners or signs are to be placed on buildings or suspended on or between structures, trees, posts, furniture, etc., on the campus. No signs, regardless of the type of paint or chalk, may be painted on the sidewalks or on the walls of University buildings.

BILLBOARDS

No billboards or signs supported by posts or otherwise may be erected on the campus. The Student Activities Office may make exceptions for special events at which large numbers of people are expected from either on or off campus.

USE OF "A" FRAMES

Posters on "A" frames may not exceed 28" x 44" and the use of the "A" frame must be approved by the Student Activities Office. Their use is restricted to the Free Speech Area and are to be used for only a limited time. They must be placed so that they do not interfere with pedestrian traffic.

FLYERS/POSTERS AND BULLETIN BOARDS

Flyers/posters may be placed only on established bulletin boards that are not for restricted use only. No poster may exceed the dimensions of 11" x 17". All materials posted must clearly indicate the name of the sponsoring campus organization and must refer to activities of that organization. Material to be posted in the Residence Halls must have prior approval from the Director of Housing. Off-campus commercial advertising is not permitted to be posted on the campus. Bulletin boards on campus may not be used to publicize off-campus political candidates or issues. A maximum of four (4) posters may be placed on each of the eight-sided kiosks located throughout the campus and a maximum of one (1) poster may be placed on general bulletin boards. It is each organization's responsibility to remove their flyers/posters no later than one day after their scheduled event. Flyers/posters may be placed only on established bulletin boards and not on any other structures (i.e., University Student Union Building, light posts, University buildings, trees, cars, etc.). If an organization fails to remove flyers/posters at the proper time or posts materials on structures other than established bulletin

boards, that organization may be charged a minimum of \$25.00 custodial clean-up fee. Any organization that is charged a clean-up fee will automatically be placed on probation and their student organization recognition and benefits suspended until the bill has been paid. A receipt showing that the bill has been paid must be presented to the Student Activities Office to officially be removed from the probation list.

BOOTHS

Structures may be erected on the campus only in areas designated for that purpose. Permission for the erection of structures must be obtained through the Student Activities Office. Plant Operations must inspect all booths and give written approval that they are structurally safe. Structures are placed on the campus at the risk of the sponsoring organization and may be removed with or without notice by University personnel. Booths must be clearly marked and easily identified as belonging to an organization.

All people requesting permission for a booth to be placed in the Free Speech Area will be given a copy of the "Guidelines for Booths in the Free Speech Area," and must comply with the stated guidelines. A copy of the "Guidelines for Booths in the Free Speech Area" is available at: <http://studentaffairs.csufresno.edu/studentact/clubs-orgs/Lottpol.pdf>.
