Foreward

Because of the limited size of this year's journal, I opted to withhold inclusion of my "Coming Out" story to allow room for all the other members who went to the trouble of submitting personal insight into themselves for this first publication. Therefore I get the pleasure of being represented in the foreward. The stories and poems contained herein have not been edited nor censored, offering the reader the words of the individuals as they wrote them and as they experienced them. Our thanks to all of you who made the effort to present their stories. This journal is the reflection of a renewed growth and active membership in the restructured United Student Pride, (formerly L.G.B.T.A.)

Sincerely,

Michael Don Anderson
