

SANTA CRUZ BIOTECHNOLOGY, INC.

*The Power to Question*

# Santa Cruz Biotechnology is now hiring

Santa Cruz Biotechnology, Inc (SCBT) is a world leader in the development of products for the biomedical research market. Over the past twenty years, SCBT has focused on the ongoing development of research antibodies, biochemicals, labware and more recently it has expanded into animal health care products.

SCBT seeks a full-time IT eProcurement Specialist. This position is located in beautiful Paso Robles in San Luis Obispo County.

## *IT eProcurement Specialist*

### **Selected Duties**

- Develop and maintain the company's eProcurement system, including Requisitioning, Purchase Order, Payables, and Supplier Management modules.
- Develop expertise in the systems user functionality, and serve as liaison with SciQuest, Ariba Networks, and other Supply Chain Providers.
- Make adjustments to existing program configuration and identify opportunities for new applications of the system.
- Monitor transactions to ensure compliance with the University procurement policies.

### **General Requirements**

- BS in Computer Science or related field, or equivalent work experience.
- Knowledge of eProcurement systems or similar technology related experience.
- Familiar with standard industry protocols like XML, cXML, EDI, and OCI.
- Monitor transactions to ensure compliance with the University procurement policies.

### **Benefits**

Medical, Dental, and Vision insurance, FSA, 401k, paid holidays, sick and vacation time
