I'm a CSCI student at Fresno State and a web developer/programmer for California Municipal Technologies, Inc. (or CMTi) We are currently looking to hire an intern who has some experience working with Microsoft's .NET Framework (C#, VB.NET, MVC/Entity Framework, etc.), SQL, and some general web development experience (HTML5, CSS3, and libraries such as JQuery).

Any resumes can be sent to mwaldman@c-mti.net.
