Trent Soechting: Be open to feeling uncomfortable or outside your comfort zone when talking with people in the industry. It allows for you to grow tremendously and it gets easier the more you do it. Also, go to Reno - the experience you gain through going is priceless!

Briana Rosiles: Who inspired you to pursue this career and why?

Trent Soechting: My older brother Chad. He saw that I am a people person and thought I could do well in the industry. We will see if he was right!

Briana Rosiles: What has been your favorite part of the program?

Trent Soechting: Building a foundation of knowledge and skills about the industry that I will use throughout my career.

Briana Rosiles: Where did you do your internship?

Trent Soechting: Harris Construction. Summer of 2017.

Briana Rosiles: Do you already have a job lined up?

Trent Soechting: I will be starting a full time job with Span Construction and Engineering this June. What a blessing it is to have a job lined up before graduating. God is good.
