2019 Harvest Cellar Internship
Bell Wine Cellars, Yountville Napa

ABOUT US:
Bell Wine Cellars produces single vineyard small lot Cabernet Sauvignon with emphasis in single clone bottlings. We work with a collection of small growers throughout diverse AVA’s in Napa and other well-known regions in California. Bell wine Cellars is committed to handcrafting wines that reveal the terroir of their vineyards and the care and passion of their growers.

DESCRIPTION:
Interns will further their education and understanding of wine production working closely with winemaker and cellar master to safeguard fruit quality thorough the process. Candidates should have passion for wine, a keen attention to detail, a sense of urgency, a positive attitude and be enthusiastic about learning.

JOB RESPONSIBILITIES:
This position will participate in all aspects of harvest work including:

- Grape maturity sampling and analysis.
- Fruit processing, sorting, barrel work, cap management (pump overs and punch downs), filling and emptying barrels, racking, cleaning and sanitation of equipment and cellar.
- Inoculations, additions, fermentation monitoring

Harvest internships at Bell Wine Cellars typically start in mid-August and end mid to late November or early December.

QUALIFICATIONS
1. A team player, able to work with different nationalities and able to interact with both winery customers and fellow employees.
2. Excellent verbal and written communication skills.
3. Excellent attention to detail; organized, neat and able to multi-task.
4. Flexible schedule; must be able to work weekends and adapt to daily changing needs.
5. Be able to lift 50 pounds, stand for extended periods of time, work in cold and/or damp environment, and climb stairs.
6. Prior winery experience is helpful
