Viticulture Harvest Internships-2019  
Central Coast

At Treasury Wine Estates (TWE) we welcome individuals who seek to make extraordinary impact. Individuals who trust their instincts, roll their sleeves up and throw their hands in to deliver results. Offering a global portfolio of instantly recognized wine brands including Penfolds, Beringer, Sterling Vineyards, Etude, Stags’ Leap, Matua and 19 Crimes; TWE is an organization where the sky’s the limit.

We have a great internship available where you will learn about the diverse and unique growing areas of Central Coast, California from valley floor to hillside viticulture. We have approximately 6,000 acres spread across 6 unique vineyard properties. There are only a handful of internships that can offer this breadth of experience, working with a team who is dedicated to growing and making the highest quality wines.

About the Role:

As a Viticulture Harvest Intern you will work alongside the Viticulturist and Assistant Viticulturist. Some of the responsibilities for this role include: Maturity sampling, soil excavation analysis, water status monitoring, pest and disease prevention, as well as data analysis.

About You:

• Must be able to work overtime as needed, especially during the harvest season  
• Reliable team player with good work ethic  
• Must be able to work independently  
• Strong attention to detail  
• Punctual, hardworking, eager to join an exciting viticulture team  
• Clean driving record  
• Ability to lift 40 pounds  
• Must be 21 or older

**Position starts:** April/May/June through October, season dependent.

Please email resume and cover letter to Melissa at melissa.egger@tweglobal.com. Thank you!
