OCTOBER 25 | Tuesday | 3 - 4:30 p.m. | Satellite Student Union

Global pandemic, racial tensions, new technologies, lives lost, the rising price of gas (and bacon) ... these realities have sparked many wistful conversations about wanting things to "get back to normal." But how sad would that be? Every hard time and challenge invites us to grow and adapt - as a society and as individuals. What if, instead of hoping for "Back to Normal" we join hands and claim a new outcome: "Forward to Better"?

The Indifferent Stars Above: The Harrowing Saga of the Donner Party
by Daniel James Brown

In April of 1846, 21 year-old Sarah Graves, intent on a better future, set out west from Illinois with her new husband, her parents, and eight siblings. Seven months later, after joining a party of pioneers led by George Donner, they reached the Sierra Nevada mountains as the first heavy snows of the season closed the pass ahead of them. In early December, starving and desperate, Sarah and 14 others set out for California on snowshoes, and, over the next 32 days, endured almost unfathomable hardships and horrors. Following every painful footstep of Sarah's journey with the Donner Party, Brown produces a tale both spellbinding and richly informative.

Belle becomes a fixture on the New York society scene and one of the most powerful people in the art and book world, known for her impeccable taste and shrewd negotiating for critical works as she helps build a world-class collection. But Belle has a secret, one she must protect at all costs. She was born not Belle da Costa Greene but Belle Marion Greener. She is the daughter of Richard Greener, the first Black graduate of Harvard and a well-known advocate for equality. Belle's complexion isn't dark because of her alleged Portuguese heritage that lets her pass as white—her complexion is dark because she is African American.

▶ **FRIDAY, DECEMBER 2**
Israel's Moment
by Jeffrey Herf

Israel's Moment is a major new account of how a Jewish state came to be forged in the shadow of World War II, the Holocaust and the onset of the Cold War. Drawing on new research, Jeffrey Herf exposes the political realities that underpinned support for and opposition to Zionist aspirations in Palestine. In an unprecedented international account, he explores the role of the United States, the Arab States, the Palestine Arabs, the Zionists, and key European governments from Britain and France to the Soviet Union, Czechoslovakia and Poland. His findings reveal a spectrum of support and opposition that stood in sharp contrast to the political coordinates that emerged during the Cold War, shedding new light on how and why the state of Israel was established in 1948 and challenging conventional associations of left and right, imperialism and anti-imperialism, and racism and anti-racism.

Forestiere Underground Gardens

SEPTEMBER 23 | Friday | 10 a.m.

- ▶ **Price:** \$20
- ▶ **Last day to Register:** September 19
- ▶ **Location:** 5021 W. Shaw Avenue, Fresno

In the early 1900s, Sicilian immigrant, citrus grower, and visionary Baldassare Forestiere began turning what was useless farmland into a vast network of rooms, tunnels, and courtyards as a subterranean escape from the sweltering Central Valley summer heat. Using only shovels, picks, and other hand tools, Baldassare was inspired to excavate for 40 years, going as deep as 25 feet underground and spanning over 10 acres. He grew fruit trees and grapevines underground - many of which are still thriving today! Accompanied by a tour guide, you'll learn about the life and work of Baldassare Forestiere and see some of his grandest creations. We will also visit two areas of the garden that are not open to the public. NOTE: This tour requires walking and standing on uneven, unpaved surfaces for approximately one hour.

Spam Factory Tour

OCTOBER 17 | Monday | 11 a.m.

- ▶ **Price:** \$5
- ▶ **Location:** ZOOM

Fresno State's Day of Giving is November 2-3

Gifts to OLLI are accepted at any time, and especially on the university's Day of Giving. The Fresno State OLLI is a vital and vibrant part of our member's lives and our region.

Your support helps us continue to inspire our community of learners who are dedicated to thriving in life's second half. Our program is self-supporting and we receive no funding from the university, counting on members and sponsors to continue our program.

As a donor to the Fresno State OLLI, you make lifelong education possible, the university greater and our community stronger. No matter how big or small, every gift truly matters.
